What is Dual Credit Enrollment?

Dual Credit Enrollment is an educational program designed to enable high school students to enroll in college courses and receive both college and high school credits for the same course. Dual Credit Enrollment is a great way for high school students to get a jump start on their college education.

What is Early Admissions?

Early Admission is for students desiring to take college courses. Early Admission enrollment only earns college credit.

What are the advantages?

For the student who is eligible for the program and willing to work hard in college classes, the benefits of dual credit enrollment at Victoria College include:

- Access: Students are able to utilize academic and career planning, library access, computer lab access, and all academic support services.
- **Convenience**: Courses can be taught at the high school campus, at the college or online.
- Close to Home: Attending college classes while living at home allows students to experience college life while still in a familiar high school surroundings.
- Cost: Dual Credit Enrollment at Victoria College is much less expensive than classes at a four-year institution.
- Student Success: Successful completion of college level courses increases confidence and helps students to be successful in making the transition to a college campus later.
- Transferability: Dual Credit Enrollment classes are fully transferable to public colleges and universities in Texas and are generally transferable to other colleges and universities throughout the United States.

Getting Registered

High School counselors have information regarding classes that are available for Dual Credit Enrollment and will assist the student in determining which classes are needed and will fit in the student's schedule. Students who are eligible to participate in University Interscholastic League contests should verify with their counselor that participation in Dual Credit classes will not cause them to lose their eligibility under UIL rules. High School counselors and Victoria College will work collaboratively to finalize the registration process.

Applying Your Advanced Placement (AP) Scores to Earn College Credit

Both Dual Credit and AP courses are college level courses. In a Dual Credit course, college credit is awarded immediately upon successful completion of the course. In an AP course, the end-of-course exam must be passed before the student can apply to have the college credit awarded after graduation from high school.

Dual Credit & Early Admission Agreement

- I understand that the student must complete an Apply Texas application and meet with their high school counselor to determine dual credit award prior to the registration process.
- I understand I will be enrolling in a college credit course(s) at Victoria College and will be receiving a letter grade that will be recorded on my permanent college transcript. A numerical grade may appear on the high school transcript for dual credit courses; conversion and weight of grades is the responsibility of the respective high school.
- I understand that Victoria College has no discretion to determine if any course(s) that I take will count as dual credit on my high school transcripts.
- I also understand that it is my responsibility to know what
 my tuition and fees total for the semester in which I am
 enrolled and pay by the deadlines set by Victoria College.
 It is my responsibility to be able to locate these payment
 deadlines. If I belong to a school district that pays for my
 tuition, fees, and/or books, that it is that school district's
 discretion as to the terms and conditions of what they
 will or will not award funds for, and in return it is my
 responsibility to make sure that those funds are applied to
 my account.
- If I elect to pay by an payment plan, I understand that the payment plan fee of \$20.00 is non-refundable. I understand that my initial payment method must remain the same for the second and third payment as per the payment plan agreement made with the Payments Office.
- I understand that if I wish to withdraw from or drop any of my college course(s) it is my responsibility to first discuss this matter with my parent(s) and high school counselor. In order to officially drop a course I may do so through my Pirate Portal. I also understand that I may or may not receive a refund based on the timeframe I decide to withdraw from my college course(s). It is my responsibility to be able to locate these refund periods.
- I understand that by enrolling at Victoria College, I am responsible for knowing, understanding, and following all policies, rules, and regulations at Victoria College in addition to following the rules and regulations set forth by the high school. I also understand that as a minor, I may come into contact with adult content, controversial issues and opinions, and differing belief practices.
- I understand that all core curriculum courses are required by law to transfer to any public institution in the state of Texas; and it is my responsibility to ensure that any coursework attempted at Victoria College is following an appropriate degree plan of the institution that a degree is sought after.
- I understand that I and one parent/guardian are expected to attend Dual Credit Orientation prior to the first semester of enrollment.
- I understand my high school counselor(s) and principal(s) have legal, academic privilege to my Victoria College records.

When is Payment Due?

Registration and payment dates are available on the website at www.VictoriaCollege.edu/RegistrationSteps. Any classes not paid for by August 9, 2019 will be dropped, and the student will be required to register again during the next registration period.

If I drop my classes, will I get a refund?

Whether a student is eligible for a refund or not is determined by the date the student's classes are dropped. The refund policy and schedule are outlined in the College Catalog. If a refund check is issued, it will be mailed to the student's address of record unless a Direct Deposit Refund Profile has been established. Direct Deposit to the student's bank account can be arranged online upon admission to the college. Direct Deposit is the quickest and safest method for the student to receive refunds from the College.

How do I pay for classes?

- Locations Payments can be made at the Payments
 Office on the Main Campus as well as at the Gonzales
 Center. Payments can also be made online through Pirate
 Portal.
- Methods of Payment Victoria College accepts all major credit cards, debit/ATM cards, and money orders.
- Payment Plan Students can enroll in an payment plan for an additional \$20 payment loan fee. The payment plan can be established by paying 50% of the total tuition and fees. The remaining balance will be divided into two equal payments due later in the semester.
