NOTE: A Federal Refund Policy will apply to all students receiving Federal Title IV funding who withdraw from the College before 60% of the period of enrollment has been completed. The law requires that, when a student withdraws during a period of enrollment, the amount of financial aid earned up to that point is determined by a specific formula. A student's withdrawal date is the date the student began the institution's withdrawal process or officially notified the institution of intent to withdraw, or the student's last date of attendance. Based on the withdrawal date, if the student received less assistance than the amount earned, he or she will receive those additional funds. If the student received more assistance than was earned, the excess funds must be returned.

18.1 Attendance Policy

18.11 The College encourages all students to attend class. Faculty members are not obligated to provide opportunities for students to make up missed assignments and tests as a result of a student's absence from class.

18.12 If a student stops attending class, it is the student's responsibility to withdraw from the class. If a student does not attend class and does not withdraw from the class, the student will receive a grade of F in the class.

18.14 Policy Regarding Absences for Military Service

- Pursuant to Section 51.9111 of the Texas Education Code, students who are called to active military service and are unable to attend classes or other required activities (i.e. examinations) because of such active service, will be excused for the absences or failure to engage in the required activities. However, the maximum period for which a student may be excused shall be no more than 25% (twenty-five percent) of the total number of class meetings or the contact-hour equivalent (not including the final examination period) for the specific course or courses in which the student is currently enrolled at the beginning of the period of active military service.

- A student will not be excused from classes or required activities under this policy unless the student notifies the Victoria College and his instructor of the active duty and provides a copy of the orders. The coursework completed by a student prior to being called to active duty will be retained.

- Upon return from active military service, students excused from absences and activities under this policy will be given a copy of the course syllabus or other instructional plan and shall be provided a reasonable time to complete an assignment or take an examination. The time to complete an assignment or take an examination will be determined by the student's instructor. However, the period of time provided should be at least a period twice the duration of their leave (i.e. on leave of one week, student will be given two weeks to complete the assignment). A student who is excused will not be penalized for the absence as long as the required coursework is completed in the reasonable time determined by the instructor.

- Students who feel that this policy has been violated should immediately contact the division dean for the course or courses in which they are enrolled. Alleged violations will be resolved in accordance with Part II of the Victoria College Code of Student Conduct.

ARTICLE XVII FREEDOM OF SPEECH AND ASSEMBLY POLICY

The Victoria College honors the rights of free discussion and expression, peaceful picketing and demonstrations, and the right to petition and assemble peacefully, as long as no violation of the Code of Student Conduct Section 1.4 occurs.

Students planning such assemblies on the College campus must seek approval one week (7 days) in advance from the Student Activities and Student Center Director. Picketing is not permitted inside campus buildings. Sufficient notice is necessary to allow the Director to identify a place and time, and to coordinate the assembly, if necessary, with the Campus Police. Information detailing the planned activities must be provided to the Student Center and Student Activities Director prior to approval of the assembly. Victoria College retains the right to establish reasonable time, place and manner regulations and the right to exclude activities that violate reasonable campus rules or substantially interfere with the opportunity of students to obtain an education. The sponsoring student organization or group assumes all responsibility for compliance with local, state and federal laws and with College policies. Due to prior scheduled bookings, there are no guarantees on space and time availability.

Any request for an exception to, or modification of, this policy shall be directed to the office of the Vice President of Student Services.

However, parents are always responsible to ensure that their children are supervised.

ARTICLE XX EMERGENCY PROCEDURES POLICY

20.1 Emergency Procedures Policy

These safety and security policies and procedures have been established in an attempt to protect lives and property during times of emergencies. These policies and procedures are to be followed in the event of an emergency situation.

Potential emergency situations include:

- fire
- bomb threat
- armed individual on campus
- severe weather alert
- injury or illness

All college employees and students are vital to the success of an emergency plan. The policies and procedures have been distributed to all college employees and students in an effort to stress the importance of campus-wide participation in following the steps involved in any given emergency.

Campus Police are responsible for providing security for all buildings on The Victoria College campus, to patrol parking areas and to provide assistance to anyone on campus in need of help. Although police and security officers will strive to assist persons in need of help, employees and students must remember that they have the primary responsibility for their own safety and

security. Victoria College employees and students are advised to call 911 in the event of a major emergency. This will bring campus police, EMS, fire department official and local police as needed. Local police provide support for Campus Police and Security personnel. The caller should specify the nature of the emergency, the location and other information that may be applicable. The caller should then notify Campus Security of the situation by calling 361-220-1391, as well as one of the Vice Presidents.

Severe Weather

An emergency decision to dismiss classes or close the campus will be made by the President when weather or other conditions pose a potentially serious threat to the health or safety of the College’s students and employees. The President will make the decision after consultation with appropriate College personnel and representatives of public health or safety agencies. In most situations, the College will close if Victoria Independent School District and the University of Houston-Victoria close. The decision to close the campus means that all scheduled classes and activities (both day and night) are cancelled.

The decision to close will be communicated to the local and surrounding counties’ television and radio stations as follows:

Victoria	KAVU Texas Radio KXTN KVIC 95 KPLV KAMG KIXS K107 KHMC Radio KVLTV K-Lite Radio KZ105
Bay City	KVLG KBUK

- Use the fire alarm in the room, if available.
- Be available to advise the fire department of the type of, and location of, the fire.
- Follow the exit signs posted in each classroom for best possible routes for leaving the building.

Bomb Threat

In the event that a bomb threat is received, the College will be evacuated immediately using the best possible routes for leaving the buildings. Students and employees should take all personal belongings, such as coats and backpacks.

Armed Individual on Campus

Anyone having positive knowledge that an armed person is present on campus should immediately call 911 to alert police of the situation. Be prepared to provide the following information:

- Location of the armed person
- How the person is armed, i.e. rifle, pistol, bomb, knife
- Purpose, if known, of the armed person
- A complete description of the individual
- Whether or not any shots have been fired
- Your name and where you can be located if police need additional information

After notifying the police, notify Campus Police, the President and one of the Vice Presidents.

Injury or Illness

General guidelines:

- Students who sustain injuries or experience illness are encouraged to contact their personal physician for follow-up care.
- If a student witnesses an accident, they should contact a College employee immediately who, in turn, will contact security or one of the Vice Presidents to assist in implementing the appropriate procedures.
- Students are asked not to provide transportation for injured or ill persons. However, if students choose to do so, they do so at their own risk and liability.
- Contact Student Services to make arrangements for a family member to be notified to transport them for medical attention.
- Students should not hesitate to call EMS in the event of a serious illness or accident.
