# Frequently Asked Questions

**How many students are accepted into the program?**
The number of students in the program is limited to 16. Applicants will be accepted on a first come, first serve basis. The application process can take up to 2-3 weeks. After that date, any opening will be filled in order of completed application on a first come, first serve basis. The first 16 applicants who have successfully completed and returned all documentation will be accepted into the program.

**What days and time will I be in class, and how much of the academy can I miss?**
You are required attend 85% of all classroom instruction and 100% of all clinical training. Failure to meet this standard will result in termination from the academy.

**What would cause me to be terminated from the AEMT Program?**
Typically, poor attendance and poor academics account for a large part of class attrition. However, violations of a stringent code of conduct can result in termination. As an advanced EMT or Paramedic, you will be held to a higher ethical and professional standard than the average citizen and this is reinforced in our program.

**Will I need to have a Criminal Background check conducted?**
Yes, prior to registering for the Paramedic program, students who have been conditionally accepted must complete a criminal background check and drug test. Students are responsible for completing the background application process, paying all fees and ensuring that a copy of the results is submitted to the EMS Coordinator.

Clinical facilities determine what constitutes an unacceptable background check. The student is responsible for working with the background check company to clear up any reporting discrepancies. If there is a criminal history that cannot be cleared up prior to the start of clinical, the student needs to apply to his/her respective professional board for licensure clearance. Student's cannot begin or continue their studies until the background check process is satisfactorily completed.

Victoria College is not able to, or responsible for, advising a student with criminal history on whether they are eligible for certification or licensure. All questions regarding eligibility should be directed to both the Texas Department of State Health Services and the National Registry of EMTs.

**Is Financial Aid available?**
Financial Aid is available for students enrolling at Victoria College. Assistance is available in the form of grants, loans, student employment, and scholarships. All students who feel that they need financial assistance are strongly encouraged to visit the Financial Aid Office to learn about the various sources of funds and to determine their eligibility.
