ELIGIBILITY QUESTIONS INSTRUCTIONS

If you answered yes to questions 1-5 of the Eligibility Questions, you must provide the Texas Board of Nursing (not Victoria College Nursing Program) with the following information:

Submit Paperwork to: Texas Board of Nursing (333 Guadalupe, Ste. 3-460, Austin TX 78701).

***QUESTION #1.** The Board has determined that criminal behavior is highly relevant to an individual's fitness to practice nursing. Therefore, all criminal convictions or deferred orders, prosecution, or adjudication-a determination by a court that is withheld or delayed for a specific time period, must be reported to the Board. This question includes offenses under the law of another state, federal law, or the Uniform Code of Military Justice that contains elements of criminal conduct. SUBMIT a personal letter of explanation describing each incident, the behavior that led up to the criminal order and your conduct since the order, and any rehabilitative efforts that have been performed since the order. The document must be signed and dated. In addition, SUBMIT the following documentation for all felonies, all misdemeanors, and all military actions:

Certified copies of:

1. charges (indictment, information, or complaint);
2. disposition of charges (Judgment, Order of Probation, Sentence, and/or Deferred orders); and
3. evidence that the conditions of the court have been met.

(To obtain this documentation, contact the county clerk in the jurisdiction where the order was issued for misdemeanors; district court clerk for felonies. If the record does not exist, you must obtain a statement from that court that the document has been destroyed or could not be located.)

You may answer "NO" to the question of prior convictions only if you: (a) received a pardon; or (b) were adjudicated as a minor without a finding of "delinquent conduct". If you were ever required to register as a sex offender, you must answer "YES".

If you have questions regarding the outcome of any criminal matter, consult your attorney.

***QUESTION #2.** The Nursing Practice Act provides that a person's conduct in violation of the Nursing Practice Act or rules of the Board may be considered as a factor in its deliberations regarding fitness to practice nursing. Therefore, if a licensee or applicant is the subject of a grand jury or governmental agency investigation, the information regarding conduct or behavior giving rise to the investigation may be relevant in determining a violation of the Nursing Practice Act or lead to the admissibility of relevant evidence of such violation. If you are the subject of a grand jury or governmental agency investigation, please SUBMIT the name and address of the investigating entity and an explanation as to the basis of the investigation.

***QUESTION #3.** The Board has determined that if any licensing authority has taken disciplinary action against a person for any reason, then those actions are highly relevant to an individual's current ability to practice nursing in the state of Texas. If any licensing authority has refused to issue a license, revoked, annulled, cancelled, accepted surrender of, suspended, placed on probation, refused to renew a license, certificate, or multi state privilege held by you or previously fined, censured, reprimanded or otherwise disciplined you, SUBMIT the names and address of the licensing authority who has taken action and a letter explaining the background of the action. Additionally, SUBMIT certified copies of

1. formal charges or allegations supporting the licensure action;
2. final disposition of the licensing authority regarding those formal charges or allegations; and
3. evidence that the conditions of the licensing authority's order or requirements have been met.

***QUESTION #4.** The practice of nursing requires current fitness. The Board has identified certain disorders which, if occurring within the last 5 years, may indicate a lack of fitness. The disorders are: schizophrenia and other psychotic disorders, bipolar disorder, paranoid personality disorder, anti-social personality disorder, or borderline personality disorder.

Our Community, Our College

If you have been diagnosed, treated, or hospitalized for any of the above illnesses within the last 5 years, which impaired or does impair your behavior, judgement, or ability to function in school or work, submit the following information that will allow the Board to conduct an individualized assessment of your ability to practice safely, competently, and without impairment to your professional judgment, skill, or knowledge.

1. A report, on letterhead, from your physician, psychiatrist, psychologist or counselor, sent directly to this office, that includes: your diagnosis; treatments rendered; including current medications; prognosis; cognitive, affective, and emotional stability and continuing after-care recommendations, including reasonable accommodations needed to safely practice nursing, if any; and,
2. Verification of compliance with aftercare recommendations.

Please be advised that a physical/psychological evaluation may be requested as part of your individualized assessment. The evaluation process is described in more detail at www.bon.texas.gov/disciplinaryaction/eval-guidelines.html. The evaluation process could potentially delay consideration of your application. Therefore, the Board is providing advance notice of this possibility so that applicants may contact the Board to schedule an evaluation at the beginning of the application process. By doing so, the application should not be unduly delayed. An applicant is not required to contact the Board in advance of Board consideration of the application. The applicant may choose to wait for a specific decision by the Board that a specific evaluation is necessary. This information is being provided to put applicants on notice with respect to this potential requirement and afford the applicant the opportunity to expedite the process if he/she so desires.

***QUESTION #5.** The practice of professional nursing requires current sobriety and fitness. If you have been addicted to or treated for the use of alcohol or any other drug within the last five years, SUBMIT:

1. verification of treatment for substance abuse sent directly to the Board from the treatment center;
2. verification of compliance with aftercare recommendations;
3. evidence of continuing sobriety/abstinence, for example, current support group attendance and random drug testing results; and
4. a personal letter of explanation with sobriety date and plan for relapse prevention.

*Pursuant to the Texas Occupations Code §301.207, information, including diagnosis and treatment, regarding an individual's physical or mental condition, intemperate use of drugs or alcohol, or chemical dependency and information regarding an individual's criminal history is confidential to the same extent that information collected as part of an investigation is confidential under the Texas Occupations Code §301.466.

ELIGIBILITY REVIEW TIMEFRAMES:

The paperwork will be submitted for an initial eligibility review in the Operations Department within ten (10) business days of the receipt of the NCLEX application, NCLEX fee, **criminal background check results**, and all pertinent documentation as detailed above. This initial review can take up to 30 days.

If it is determined that the issue being reported to the BON meets the criteria for opening a case according to our current rules, you may be required to pay a \$150.00 review fee. Your file will be transferred to our Enforcement Department for additional review within ten (10) business days of the payment being received.

The time needed to complete an eligibility review by the Enforcement Department varies on a case by case basis. The process generally takes an average of 90 days to make a recommendation, provided the file contains all the needed information. If additional material is needed, you will receive such request by the Enforcement Staff. Upon completion of the eligibility enforcement review, your file will be returned to the Examination Department for continued processing.

The BON **will not** approve an applicant to sit for the NCLEX or for permanent licensure until a final decision has been rendered by either the Director of Operations or our Enforcement Department.
